

## The Copper Queen Store.

## Cotton Dress Stuffs

It does seem as if the cotton dress stuffs are about as pretty this year as they can be. What with the tricks of the weavers and the effects gained by the use of mercerized threads, the cotton dress stuffs are fairly bewitching.

Just a word of some of them:

Cotton Etamines, 32 inches wide, pink, cadet blue, black, white, tan and Nile. 35c a yard.

Swiss embroidered dots are just what their name implies. Dots of various sizes and colors embroidered on sheer, linen colored goods. 20c a yard.

Silk Novelty Waistings, silk one way, cotton the other. In plain colors with ring spots of various sizes, made by the silk coming to the surface. 50c a yard.

Batiste Matte is batiste with oxford or basket weave stripes every few inches apart and a printed floral design between each oxford stripe. Remarkably pretty. 20c a yard.

Will you let these four speak today for the dozens of other kinds every bit as pretty and desirable.

## Men's Clothes to Measure

The new woelens for spring are now in and more of them than we ever received before in one shipment.

We are keeping more tailors busy in our work rooms than we ever had at this time of the year.

Put these two facts together and it means that our tailoring business is on the increase, and a tailoring business is the hardest one to increase unless satisfaction of the most satisfactory sort is given.

Just one more word—except in the very staple sorts, we have but one single suit of a pattern. Each day you put off making selection means so much less to select from.

Prices start at \$30.00—as little as one ought to pay for the proper quality of woelens properly made.

## Medium Priced Shirt Waists

A few swallows don't make a summer, neither do the first lot of waists opened up but a few days ago even fairly represent the shirt waist stock as it will be a few weeks later.

Still these medium priced waists—from 90c to \$3.50—are attracting much attention and eliciting many favorable comments.

They are as fresh and as dainty and pretty as one could wish, and surprisingly little to pay withal.

90c to \$3.50, with a very few at \$5.00.

Mostly all white. The white with black or colored rings are very stylish. One style, of lawn, is \$1.25; another of mercerized goods with large ring dots is \$2.25.

## Silk Petticoats

Are absolutely essential this season for wear with the open mesh woolen dress stuffs such as etamines and voiles that require the shimmer of silk to show through the meshes in order to be thoroughly effective.

A black taffeta silk petticoat at \$6.50 is far and away the best we've ever had for the price.

Black taffeta and changeable or shop silk petticoats with pleated and ruffled flounce with two rows of ruching at \$8.50 are especially good values.

White taffeta silk petticoats at \$13.00 and \$22.50 each are for those who want to be right up even with fashion.

Other silk petticoats in one or two of a kind for the sake of exclusiveness, are to had from \$10.00 to \$25.00.

## Wash Petticoats

Petticoats that will stand the freshening process of a visit to the washtub as frequently as you wish—practical petticoats, if you please, and as pretty and stylish looking as though their practicality was never given a thought.

From \$1.25 to \$5.00.

The \$5.00 skirts are all linen material with embroidered flounce. Plain all linen skirts at \$2.75 have two hemstitched ruffles. \$1.25 will buy a linen colored skirt with two ruffled flounces; \$1.50, black and white shepherd check satine skirt with accordion pleated flounce edged at top and bottom with pinked ruche.

## High Grade Watches—Precious Stones

The jewelry department is better equipped with a stock of high grade watch movements and fine quality of 14 K. gold cases than it has ever been before. This statement applies to both watches for women as well as men. Some of the cases are set with diamonds.

Some very high specimens of high grade, perfectly cut and pure white diamonds have been added to the stock within the past few days and are price from \$40.00 to \$400. We would like you to see these.

## Socks, 3 for 50c

Plain colored and embroidered socks of a quality that we sold along for 25c a pair. We are going to clean up the lot quickly and have put new prices on them.

3 pairs for 50c.

Wednesday and Thursday, April 1st and 2nd, we'll show the new trimmed hats. We are planning to make this year's opening the most successful of any we've held, but the most important plans were laid when the hats were selected.

## The Arizona and Sonora Manufacturing Co.
